FABRIC CARE, CLEANING & MAINTENANCE

MAT 11

TEXTILE UPHOLSTERY

Regular maintenance & prompt cleaning of stains is recommended. Check cleaning solution on an inconspicuous area first.

- Protect from sunlight & vacuum regularly
- Blot off liquid soiling
- Remove bulky matter with a flat blade
- Brush off/vacuum loose particles
- Prepare a neutral pH detergent solution (10:450ml) or use pre-prepared Crypton Care Gold and/or Purple
- Gently rub the solution onto the soiled area with a soft brush
- Rinse detergent off with clean water and a soft white cloth & allow to air dry
- For stubborn stains a mild solution of Isopropyl Alcohol may be used - then repeat steps 1-7
- **Do not use solvent based cleaners & ensure all detergent residue is completely rinsed off**
