Our flagship Crypton Fabric is the ultimate performance fabric that is...

- Stain & Odor Resistant** – Most stains can be simply wiped away; tougher stains are easily removed. Resists the growth of odor-causing bacteria.
- Spill-Proof** – Moisture will not penetrate the fabric to the contents within.
- Disinfectable** – Integrated moisture barrier makes it the only fabric to be deemed “non-porous” by the EPA and is disinfectable when used in conjunction with Crypton’s EPA-registered Disinfectant & Deodorizer.
- Committed** – Crypton designs and manufactures environmentally responsible, third-party-certified products and processes.

Crypton Upholstery Stain Removers and Leather Cleaner are products that meet the Safer Choice Standard.

CRYPTON®

Upholstery Cleaning Guide

While Crypton Super Fabrics are super easy to clean, they are not self-cleaning. Unable to find an exclusive upholstery cleaner, we developed our own – Crypton Care, a line of pH-balanced cleaners that make short work out of the most difficult stains on any water-cleanable fabric!

With Crypton Upholstery Stain Removers, cleaning any water-cleanable fabric has never been easier. We guarantee that these are the most amazing cleaning products you will ever try.

TO REMOVE A STAIN, FOLLOW THESE SIMPLE STEPS:

1. Remove any excess residue.
2. Choose the appropriate stain remover (refer to chart).
3. Spray, lightly brush and then gently blot off the stain!

Which product for which stain?

This cleaning chart will help you determine which cleaner works best on which particular stain.

Crypton **Upholstery Cleaner – Purple** works on oil-based stains such as: crayon, red drinks, lipstick, cosmetics, grease, ink, iodine, sun block and shoe polish.

Crypton **Upholstery Cleaner – Gold** works on food, beverage and protein stains such as: chocolate, tea, grass, wine, mildew, mustard, ketchup, coffee, blood, milk, butter, vomit, jelly, juices and vegetable oil.

Crypton **Disinfectant & Deodorizer\*** freshens, disinfects and prevents the growth of mold and mildew on Crypton barrier fabrics. It can also be used in combination with any Crypton cleaner.

\*On Crypton Home Fabric, Crypton Disinfectant & Deodorizer only acts as a fabric freshener and deodorizer.
