

FABRIC CARE, CLEANING & MAINTENANCE

MAT 150

COATED DRAPERY + MACHINE WASHABLE

Regular maintenance & prompt cleaning of stains is recommended. Check cleaning solution on an inconspicuous area first.

1. Dry Cleanable
2. When machine washing, use cold water on a gentle cycle
3. Do not spin dry, do not tumble dry, do not wring dry
4. For best results, hand wash in warm water (no warmer than 30 degrees Celsius)
5. Once washing is complete, product needs to be pulled flat gently immediately making sure that no coating is allowed to dry in contact with itself or the coating may stick
6. Store goods at temperature above 15° C or 60° F for 24hrs prior to processing
7. When hanging, vacuum regularly with a brush attachment
8. Our products are designed to be cleaned 3-4 times in their lifetime, cleaning more than this or cleaning outside recommended settings may cause coating to stick & be subsequently damaged.

FAILURE TO ADHERE TO THESE CLEANING GUIDELINES MAY VOID YOUR WARRANTY.
