MAT 3

OLEFIN UPHOLSTERY

Regular maintenance & prompt cleaning of stains is recommended. Check cleaning solution on an inconspicuous area first.

1. Blot off liquid soiling.
2. Remove bulky matter with a flat blade.
3. Brush off/vacuum loose particles.
4. Sponge/lightly scrub the stain with water. If further cleaning is needed, apply a soap and water solution.
5. Remove the cleaning solution with a clean soft towel or sponge.
6. Rinse thoroughly with clean water. Use a spray bottle and towel to remove remaining moisture. Repeat rinsing if needed.
7. If removable, wash the fabric in a mild soap and warm water (40°C) solution, and dry in an environment below 40°C.

Do not steam press or use electric/gas dryers. Air dry naturally.
